## WIN MAYTIME REVIEW

# Our Bands March To Top Honors

MT. MIGUEL HIGH SCHOOL MARCHING BAND

## Mt. Miguel Unit Wins Sweepstakes; Beats 68 Bands

by Mrs. J. Norr  
Mt. Miguel Marching Band won the Maytime Sweepstakes Trophy at National City for the second time in four years, also winning the outstanding music award with an incredible 497 out of a possible 500 points. Sherryl Lane, drum major, took first place in her division, thereby awarding the school the top three trophies in this competition.

This extremely fine group, under the direction of L. K. Christianson, has consistently piled honor upon honor wherever appearing. Their sparkling playing ability, vivacious marching, and attractive red and black uniforms make them a delight to hear and see. They are fronted by the Banderettes carrying unique attractive facsimile sombreros, spelling out Mt. Miguel, which adds to the

over all appearance.

At the All-Western Band Review in Long Beach this past season, they won first place in competition and at the same city regional festival recently took eight superior ratings for their performances. They produced a nationally televised half-time show in Los Angeles, which kept spectators on their feet, and drew admiring comment by letter from all parts

of the country. They have already received their invitation to appear next fall for another nationally televised half time for the Rams.

On May 24, the band and orchestra will give a Spring Concert in the gym at 7:30 in the evening. Donations for adults will be 75 cents and 25 cents for student, and a musically rewarding evening will be assured.

## LG Junior High Awarded Marine Perpetual Trophy

The Marine Corps Perpetual Trophy was awarded the Lemon Grove Junior High band on Saturday, May 6, at the National City Maytime Band Review. This year the award was limited to small high school bands and junior high school bands.

The Lemon Grove group, marching 80 members in competition, received some of the highest scores and praise from the judges of the Southern California School Band and Orchestra Assn.

The junior high band received an average score from the two music judges of 46 points out of a possible 50, with one adjudicator granting 482 music points for the band's performance.

The Marine Corps Trophy is

given each year to the junior high and high school divisions and is kept by the winning band for that year. At next year's Maytime Band Review, a smaller replica will be given to Lemon Grove and the original is again returned for competition.

Lemon Grove's band won its outstanding award by laying a high school level march called "King Size" by Fred L. Frank.

The efforts of the Lemon Grove Specialty Corps were rewarded with trophies in their competition divisions. The Pomona Corps of 25 girls received a third place trophy for their fine showing and the members of the Majorette Corps won a second place trophy for their performance. These groups are under the direction of Miss Patricia Lane, Miss Carol Core and Mrs. Carol Dreessen.

The head majorette of the band, Kathy Davis, also was competing for the first time with the band to win a third place position. This effort on her part came about with just one year of instruction.

## School District Rehires 225

The Lemon Grove school board agreed at the regular meeting Monday night to call for bids June 22 on multi purpose rooms at Vista La Mesa and San Miguel, and four classrooms and a multi purpose building at Mt. Vernon schools. Byron Netzeley, school superintendent said other elements of the school building program, approved earlier this year, is proceeding on schedule.

The board formally commended the junior high school band and its conductor, Harry Weisgerber for taking the Marine Corps award Saturday at the Maytime Band Review in National City.

Netzeley said that the board rehired 225 teachers, administrative and custodial personnel. Ten others either resigned or did not apply again.

The next school board meeting, May 22, will be devoted to study of the 1961-62 budget.

OVERWHEMED—Marlene Bates, 16, after she was crowned Miss Spring Valley by Carol Sewell (standing), last year's winner. Miss Bates, who said she felt like she just woke up from a dream after winning the Miss Lemon Grove contest Thursday night at the Bowlero, probably felt doubly so after winning another beauty contest in less than a week. ## WINS 2 BEAUTY CONTESTS IN WEEK

Sixteen-year-old Marlene Bates, a junior at Mt. Miguel High School, has been named winner of both the Miss Lemon Grove Contest and the Spring Valley Fairest of the Fair Contest. The latter title makes her eligible to compete in the San Diego county fairest of the fair contest the finals for which will be June 4.

"I feel like I just woke up from a big dream," were the words of Miss Bates after she was announced as winner of the Miss Lemon Grove contest Thursday night at the Bowlero in Lemon Grove. Tuesday night at the community center in Spring Valley the dream was heightened when she was selected as reigning beauty for the second time in less than a week. She was crowned by Carol Sewell, last year's Miss Spring Valley.

Miss Bates wants to be a model. She has brown hair and blue eyes and her measurements are 35-24-36. She likes swimming, sewing and hairstyling. She lives with her parents at 1155 Stoneridge Dr. in Spring Valley.

Runners-up for the Miss Lemon Grove title were Ethel Johanson, 17, a junior at Mt. Miguel and Dena Anderson, 17, a junior at Helix High School.

Spring Valley Fairest of the Fair runners-up were

Lynne Yale, 17, a Mt. Miguel junior, and Marguerite Baranowski, 17, a Mt. Miguel senior.

Members of the Lemon Grove JC were judges at the Miss Lemon Grove contest. They were Biff Barrett, president, Bill West, Ken Affleck and Virgil Crum. Sev Enstad, a San Diego bandleader, and Pat McGeehee, news editor of this paper, also were judges. A plaque was presented to Miss Bates by Mr. Barrett in behalf of the JCs, sponsoring organization.

Miss Johanson, 1752 Central Ave., who works on the Miguel paper, El Trovador, plans to take up journalism at City College upon her graduation. Head songleader at that school, she also likes modern dancing and water skiing. Miss Anderson, of baton-twirling fame, wants to be a model. She has a room full of trophies won by the special dance-baton twirling routine she has worked out.

Miss Yale, 3141 Helix St., Spring Valley, wants to be a schoolteacher. She likes swimming, water ballet and driving as spare-time activities. Miss Baranowski, 8866 Lama St., Spring Valley, a member of the Y-Teens, likes dancing and jazz music. She hasn't decided on a career.

## Expectant Mother Saves Toddler Son from Pool

A 16-month-old boy, Charles Snyder, son of Mr. and Mrs. Cyril Snyder of 3538A Bancroft St., Spring Valley, is in Heartland Hospital, El Cajon, after narrowly escaping drowning Monday afternoon.

The boy had gotten through

a metal fence that surrounds a swimming pool adjacent to the Snyder apartment. He was discovered a short time later lying face down in the bottom of the pool, by a neighbor boy, five-year-old Kenny Bailey. (Continued on Page 3)

## Resident Protests 3 Liquor Licenses As Too Many

SAN DIEGO (CNS)—County intervention to aid a Lemon Grove resident protesting the number of alcoholic beverage licenses granted near her home was voted Tuesday by the County Board of Supervisors.

The Board approved asking the State Alcoholic Beverage Control Board for public hearings on three licenses, granted close to the home of Mrs. Channing P. Mason, who resides at 8280 Imperial Ave.

Mrs. Mason complained to the Board that the licenses were approved for establishments on each side of her and across the street.

The Supervisors first asked for county counsel's report on their powers, but Board chairman David W. Bird pointed out that the time for appeal to the ABC expired on May 18. The Board then agreed to file its protests at once.

## GROVE RIGHTS OF WAY ACQUIRED

SAN DIEGO (CNS)—Two acquisitions of rights of way for improvement of Massachusetts avenue, Lemon Grove, were approved Tuesday by the County Board of Supervisors.

The Board agreed to the payment of \$735 to Bertram E. Sawyer and of \$1,120 to Roy E. Burton and Mrs. Cora Lee Anderson.

In addition to the cash payments, the county is to reset the west property corner stakes before the reconstruction of the new roadway.

## Pension Plan Approved For L.G. Firemen

The Lemon Grove fire department will have a retirement and pension plan effective July 1 the fire commissioners decided at their regular monthly meeting.

Employee's contribution will be made by monthly deduction from the wages of the firemen, according to V. J. Dorman, fire district counsel.

## The DIMMER VIEW

by MAX GOODWIN

From one of our better spies (non-C.I.A.) in Sacramento comes the current intelligence on redistricting in San Diego county.

There will be five assembly districts, says our informant, where only four will have existed until then.

Since we are not informed as to what their official numbers will be we'll refer to them as districts one to five.

District one will include Helix, Grossmont and all the north county.

District two will include Cabrillo Heights, Mission Valley, Allied Gardens, Del Cerro, Murray Manor, Fletcher Hills, El Cajon and Lakeside.

District three will include Pt. Loma, Coronado and all the waterfront, plus El Cajon Blvd., Kensington, Talmadge to the La Mesa city limit.

District four includes most of San Diego (except the downtown area) between Hillcrest and College south to the city limit.

District five includes Lemon Grove, Spring Valley, La Mesa south of El Cajon Blvd., south bay area to the Mexican border.

An interesting re-alignment of congressional districts will be made simultaneously. U. S. Representative Jim Utt's southern limits will be the same as new assembly district one. U. S. Representative Bob Wilson's district will include new assembly districts two and three. A new congressional district will comprise new assembly districts four and five. This means Lemon Grove and Spring Valley will have a different representative in congress, taking the place of Congressman Utt. Utt is a Republican and has served his district well.

Our informant insists that the new representative will be a Democrat; a condition that will sadden good Republicans in Lemon Grove and Spring Valley while the news will bring glee to local Democrats who have not been able to boast a Democratic representative for many years.

Social security programs, which include unemployment benefits and aid-to-needy-children, were not developed to encourage production of illegitimate children any more than they were planned to subsidize deliberate idleness, yet they finance much of these sort of things.

These programs, because they have contact with human travail and misery, attract tremendous amounts of sympathy. In this sort of atmosphere political hay can best be made by those who would perpetuate their programs, and strengthen their law-making disburser organizations.

Those taking relief payments of various sorts are part of a loose-knit organization in which the combined voices may be loudly heard. Moreover, each has a vote that is just as important as the ones belonging to persons who industriously provide their own income.

More and more voters are being channeled into the group

SAVED — Charles Snyder, 16-month-old son of Mr. and Mrs. Cyril Snyder of 3538A Bancroft dr., Spring Valley, gets resuscitator help from Spring Valley Fireman Ron Lucas, left, after being saved from drowning Monday in the apartment house pool.

Mrs. Snyder, expecting her second child in about four months, dived into the pool and saved Charles after he was seen by Kenny Bailey, a neighbor in the Helix Vista apartments.

Another neighbor, Mrs. Marie Bos, applied artificial respiration while Kenny Bailey's mother called the fire department.

Charles was given further treatment at the Heartland Hospital. S.D. Union photo.

## Station Variance May Ease La Mesa Set-Back Requirements

SAN DIEGO (CNS)—A reduction in the setback requirements of structures may be in the offing.

Raymond S. Toole applied for a variance to permit him to put a sign for a service station 45 feet from the center line of Jamacha road, to erect a canopy over a gasoline pump island 50 feet from the center line and to put the pump island 60 feet from the center line.

The zoning ordinance requires that all structures be at least 75 feet from the center line of Jamacha, but when Toole's application first came before the commission, on April 14, the commission decided all area setbacks should be reviewed.

The proposed station is to be installed at the southeast corner of the intersection of Jamacha road and Gillespie drive.

## Blazing Grass Fire Chars 20 Acres

The Lemon Grove Fire Department was called on to aid in battling a blazing grass fire in the Massachusetts street, Murray Hill drive area at 4 p.m. on May 8 by the La Mesa Fire Department.

Captain Foote of Lemon Grove estimated that nearly 20 acres of grassland was charred by the blaze. Despite extensive damage reported, no structural damage occurred.

Foote said our firemen were involved almost two hours in quelling the fire. He pointed out that much of it was in terrain difficult to reach.

The plan by which community fire departments assist each other on borderline fires, such as this one, is called "mutual aid society." Some Lemon Grove firemen had to be summoned from their homes for the fire.

At 5:22 p.m. the same day, firemen here went to the home of Lee Gibson, 3804 Grove Pl. but were unable to prevent the destruction by fire of a built-on back for a '47 Dodge stake-truck. Firemen reported that Gibson had been using a torch

to burn off metal bands when the plywood part of the back structure caught fire. Gibson used another truck to pull the structure off to prevent spread of the fire.

On May 4 at 4 p.m. the fire department answered a first aid call from the Cresta Loma Rest Home, 7922 Palm Ave. They rendered aid with the resuscitator unit to a bedridden 92-year-old man suffering from an apparent heart attack. They reported it wasn't necessary or the man to go to the hospital.

## 13-Year Old Boy Makes 3 Decisions ... Mostly Bad

A thirteen-year-old Spring Valley boy on his way to school the morning of May 8, decided to run away. He was near the parking area of the Santa Sophia Roman Catholic Church at the time, and made another decision that riding for running away was better than walking. He took the automobile belonging to Mrs. Elsie E. Fares, 10402 San Vicente Blvd., Spring Valley. His journey then took him via Sierra Madre road, where he drove into a concrete post on the property of Leopold Bouk, 10287 Sierra Madre and damaged both fenders on the right side. The boy made his third decision. He abandoned the car and went to his home on Lamar street.

There he was later taken into custody by Juvenile Officer R. E. Torbett and taken to Juvenile Hall. His mother told the officer that the boy had previously stolen two other vehicles and that she would make restitution to the insurance company and to the Bouk's for their damage.

## The Mail Box

Dear Editor:

The students of St. John of the Cross school wish to express their appreciation for the detailed article in the April 27 edition of the Lemon Grove Review concerning the math contest at St. Augustine High School. The article enlightened many of us as to how the contest was conducted.

We are very proud of our boys and hope to do as well next year. Thank you.

Sincerely yours,  
Christine Hilliard

Dear Editor:

On Saturday there will be a polio clinic at the College Grove Shopping Center opposite the Walker Scott store between 1 p.m. and 4 p.m. It is in conjunction with a nationwide program sponsored by the National Foundation called "Babes to Breadwinner." This clinic will be jointly sponsored by the Parents of Hear (Hearing Education through Auditory Research and the National Foundation).

We would appreciate your printing this news item in your newspaper during the coming week.

Thank you.

Dear Editor:

Two years ago when I opened Godmother's Cupboard in Spanish Village, Balboa Park, I wrote to you that I was opening. Now I am writing again to tell you that "Goldie Locks and the Three Bears" which has run all this year, will close on May 28.

The Cupboard will be closed all of June in order to give me time to prepare for "Jack and the Bean Stalk."

On July first, "Jack" will open and will play thereafter until further notice on Saturdays and Sundays two thirty. I am particularly eager to have the children and their parents know that the theater will be closed all during June.

I thank you for the notices that you have given me in the past.

Very truly yours,  
Ellen Galpin

Dear Editor:

I would like to thank you for your coverage of the recent school board elections.

As a voter I appreciated this public service and as a candidate, I appreciated the publicity.

My thanks, too, to the many friends who campaigned for and voted for me. I am grateful for this challenging vote of confidence. Thank you.

Sincerely,  
Mrs. Vance Dewey

Dear Editor:

The Lemon Grove Woman's Club Juniors want to thank you for your paper's coverage of the Auto Safety Check project that we co-sponsored with the Veterans of Foreign Wars

last Sunday, May 7 at the Jr. High grounds.

Those of us that worked on the project are proud of the eighty some cars and trucks that came in for this simple safeguarding test. We are proud to say that of the five cars that failed the initial test, three came back with the minor repairs made for their safety sticker.

It could not pass our attention that during the time we were testing the Pony League was having its "Kick-Off" on the adjoining Jr. High grounds. At least 100 cars belonging to civic and youth-minded people passed us to park. They couldn't be safety-minded for themselves as only about 7 car owners availed themselves of the 2 1/2 minute test!

We hope that when we again have a safety check (probably in early fall) more people will realize that this check is in no way one that will keep them off the road. You may think your car so new, nothing could be wrong. You may think your car so old, everything could be wrong. This is a test that, old or new, it might point to some very minor, but important item that we all don't always think about. Such as a license plate light that won't light. That's what flunked me. It's fixed now, thanks to the test. Hubby and I thought it would be something else that we've been going to fix. You never know. Safety is something we should continue to work at. . . think about. . . strive for. It just doesn't happen.

We thank you again and hope that this might be a means of thanking our friends in Lemon Grove for their participation in this safety project.

Most Sincerely,  
Mrs. George Teigen  
President L. G. Woman's Club Juniors

Dear Editor:

On behalf of San Altos PTA I want to thank you and your staff for your publications on our school and its activities.

With your help we were able to accomplish more for the school and the students welfare. For example, we were able to receive enough funds from the polio clinics to purchase a kiln for the school.

I want to thank you for your help and consideration in my job as outside publicity chairman for San Altos School.

Mrs. Thomas Quinn

Dear Editor:

I want to take this opportunity to thank you and your staff publicly for the excellent cooperation that you have given to me as publicity chairman of the Lemon Grove Woman's Club for the past two years.

It has been a pleasure for me to work with you.

Sincerely,  
Mary Vlach

which has grown dependent on government to see then through trying times with "aids-to-everything" program. These programs often do more to prolong these conditions than it does to relieve them.

Once in a while a voice is heard that would turn back the tide. Weak though it is in comparison to the combined voices of welfare recipients, it should nonetheless be heeded.

The voice is that of Ronald T. Strong, president of the Association of Former Grand Jurors. He condemned the State Board of Social Welfare for attempting to control all welfare spending. This, after the San Diego County board of supervisors recently cracked down on welfare chiselers here. . . particularly those of the aid to needy children program.

Said Strong: " . . . deleterious effects of a loose administration of this program on the moral fibre of (welfare) recipients who take illegal advantage of it and on the taxpayers who pay the bills has been called to the attention of the citizens by every grand jury since 1955."

The time has come, he added, for corrective legislation. Mr. Strong knows, better than most, that the state welfare board and its satellites are so firmly entrenched that it would take a near-revolution to change the tide's direction.

Yet, welfare groups such as these are providing all the ingredients that have gone into revolutions of the past.

## Store Intruder Plays on Horse

A night intruder at the Corner Store at 1047 Elkton St., Spring Valley, was reported to the sheriff's office on a recent evening, and sheriffs immediately came and picked him up.

Mrs. Margaret Atkinson, night manager there, who called the sheriff, said the one and a half year old, pajama clad intruder did no damage while playing on the horse in front of the store and other items inside. She said that he was, in fact, quite happy. Unidentified up to now, the boy was believed to have walked out of a local home after having been put to bed for the night.

## Real Estate Sales

Total 222 in April

Real estate sales in the Lemon Grove-La Mesa-Spring Valley area totaled 222 during April. The area held second highest total sales in the county. Total dollars loaned throughout the county in April was \$56,188,695.

The real estate market in San Diego must gain strength by holding new supply down long enough to allow demand to increase, according to James C. Downs, head of Real Estate Research Corp., Chicago, and editor of Trends, monthly publication of the Union Title Insurance Company. Fortunately, Downs states, in a growth area as dynamic as San Diego, this always happens, and in a not too extended period.

This striking edifice stands on top of a small mountain overlooking both Lemon Grove and Spring Valley. It is the Trinity Presbyterian church, almost completed, located on Kenwood dr. Rev. Keith Mitchell, left, pastor, discusses some of the building's features with Tommy Thomas of the Spring Valley Bulletin. Rev. Mitchell explained that beautiful stained glass windows for the apertures are being provided by a unique plan which church families responded to readily. Each window will serve as a memorial to a loved one. The largest apertures were \$40, the smallest, \$10, with prices in between. For the next two Sundays from 3 to 5 p.m. there will be open house in the new sanctuary. Coffee will also be served in the area. Dedication of the new structure is scheduled for May 28

## Stamp Savers May Pool Books For Bigger Items

Savers of Blue Chip Stamps can have nearly any worth-while item under the sun according to news from Don Koepfel, president of the trading stamp firm.

A plan designed to allow groups to pool their stamp books and redeem them for things not ordinarily carried in the Blue Chip Catalog has been announced at Blue Chip. The plan is simple and requires the group savers to do only one thing, to contact the Blue Chip Group Saving Counselor, Barbara Chase, and register their notice of intention to save their stamps for whatever object they have chosen.

Blue Chip's special shopping department will then make arrangements to obtain the article and will establish its price in terms of the number of completed saver books that will be required to redeem the article.

Arrangements can be made to have the merchandise redeemed at any place convenient to the group. Any recognized group is eligible to participate in the group saving plan with special attention being given to churches, hospitals, charities, schools and benevolent groups.

It is interesting to note that under this plan one southland church was able to acquire a station wagon in a matter of only a few weeks.

The Blue Chip Stamp Company, through the Group Saving Counselor, will assist these

## Science Sermon Topic Is Spirit

"Mortals and Immortals" will be the subject of the Lesson Sermon in all Christian Science churches on Sunday. The Golden Text is from Romans (8:19): "The earnest expectation of the creature waiteth for the manifestation of the sons of God." The immortal status of the children of God will be emphasized throughout the sermon. Paul explains this immortal status in his epistle to the Romans, "For as many as are led by the Spirit of God, they are the sons of God. The Spirit itself beareth witness with our spirit, that we are the children of God: And if children, then heirs; heirs of God, and joint heirs with Christ" (8:14, 16, 17).

## TEENAGER STOPPED FOR SPEED AGAIN

A Spring Valley teenager told deputies J. Rose and E. Hughes that he was hurrying home after visiting a friend when they stopped him at 12:50 a.m. on April 29 for going 60 in a 35 mile-an-hour zone at Valencia and Sweetwater road. The boy allegedly has had his driver's license suspended twice for speeding, and due to his past driving record and the late hour, the deputies made a juvenile contact report and released him to his parents. He was to appear in juvenile traffic court.

### LITTLE LEAGUE DANCE

The annual Spring Valley Little League dance will be held May 13 in the VFW Hall, 102 E. 16th St., National City, from 9 p.m. to 2 a.m.

The reason they have to hold it in the VFW Hall is that last year there was such a big turnout, and because of the good time had by all, more are expected this year, and larger quarters are needed.

There will be music for your dancing pleasure by The Explorers, prizes and refreshments. Donations are \$1.50, and if you can't get tickets before the dance, they'll be sold at the door. Dress is semi-formal, so don your glad rags, dust off your dancing shoes, grab your guy by the arm and we'll see you May 13.

### AVONDALE PTA

The last membership meeting of Avondale's PTA for this school year will be on May 16 at 7:30 p.m. in the Rancho Auditorium, Noeline avenue and Elkton boulevard.

This will be Dad's night to take over, and immediately following a short business session, Jim Jordan, president of the Spring Valley Little League will officiate for the remainder of the meeting. Mrs. Robert Higgins will install officers for the coming school year. Frank Mosher will give his historian's report and will conduct an auction of items left over from last summer's bus trip. Remember, Mother's Day is coming—cub and boy scout mothers and fathers will be presented with their cards and then refreshments will be served. Representatives from each of the Little League teams will present the colors for this meeting.

### WE, THE PEOPLE

You're right, I'm up on the soap box again, and this time it's a high one. Our community is facing a two-fold problem. One is the odor from the sewage plant and the other is getting something done about it. I'm looking into the odor problem (gas mask in hand) and next week will give you all the information I can dig up. This week, though, I'd like you to look into the problem of getting something done.

This is not only connected with the sewer problem, but with anything an individual or a community needs taken care of. Most people don't try anymore, feeling that if you have to take it to a government official, you might as well forget it. This was the attitude the County Board of Supervisors was trying to impress on those of our neighbors who, for a year have been trying to get this sewer problem taken care of. You might as well forget it.

When the people of the community asked for a hearing, they were made to understand they might as well forget it. It was not forgotten, and the fight goes on. I would now like to remind the people and the County Board of the basic principles of our democracy. Government officials are representatives of The People, and shall act in the best interests of the majority. In order to know what the majority wants, its voice must be heard.

## GOLDEN BOWL to Open Saturday in Spring Valley

Spring Valley's glamorous new \$3½ million Golden Bowl bowling alley at 9805 Campo Rd. is scheduled to open for business this Friday, May 12, at 6 p.m. according to President Sid Kent.

This new, modern center of recreation will play an important part in the life of the community, says president Kent. It provides this quick growing area with a notable addition to its recreational and business facilities.

Financing for the new structure and facilities came from the Silvergate Savings and Loan Assn. of San Diego. President Kent of Golden Bowl stated that it will feature the finest equipment of its kind in the world: the AMF Automatic Pinsetters; the "Magic Circle" ball return; the ultra-modern "Radarmat" Photo-Electric foul line, and many other innovations.

Plans for the structure were drawn by Carl Hotten, AIA, of San Diego, who is also part owner of the Golden Bowl. The construction was under the direction of George E. Thomas, general contractor of La Mesa. The officers of Golden Bowl are Sid Kent, president; Ray Hollis, vice president; Mrs. Sid (Dorothy) Kent, secretary; and Mrs. Ray (Farris) Hollis, treasurer.

Golden Bowl has been designed for the whole family to enjoy, whether bowling on the smooth glass-like lanes, eating a tasty morsel in the "Pick and Shovel Room," or sipping a relaxing cocktail in the intimate environment of the "Nugget Room." And parents need not worry about their "little nuggets," as they may be deposited in the enticing children's "Tomper Room."

Exquisite colors, appropriate patterns, symmetrical designs and rich walnut fixtures blend harmoniously in a strikingly beautiful decor. Acoustical tile has been liberally employed as sound absorbers throughout to insure a non-reverberating peaceful atmosphere. Insulation and the installation of the modern air conditioning units help to provide the patrons with the ultimate in comfort and relaxation. If lightmeters can be believed, and they are believed to, they are believed to be accurate, they register the diffusion of light over the lanes as being perfect. Bowlers will be delighted with this because helps toward higher scoring.

Public acceptance of Golden Bowl is already assured, judging by the popular demand of teams and leagues who have signed up to bowl. There is still room for more, however, so teams, leagues and those willing to learn bowling are asked to contact Ray Hollis, vice president, at HO 5-0123.

The large, illuminated parking lot (over an acre) will allow bowlers and their families and friends to park with ease. A large billboard on the Golden Bowl property lists the

## Folda's 'Open House' Draws 300 Guests

Larry Folda, immediate past president of the Lemon Grove chamber of commerce, was host this week on Wednesday to more than 300 persons at his new warehouse in La Mesa.

His firm, the L. R. Folda Co., building supplies dealer, was burned out in Lemon Grove January 30 when the old packing house at Costa Bella and North streets went up in flames. Adequately covered by insurance, Folda was able to negotiate for a new location almost immediately and by February 15 a new warehouse was being built for him at 8400 Alvarado Ave., La Mesa. No other railroad siding location was available in Lemon Grove, Folda explained.

The new building, built by Modern Steel Co., give the firm 11,400 square feet of space on the SD, Arizona and Eastern railway spur in La Mesa.

Folda operated his firm in Lemon Grove four years before the fire. During that time he became one of Lemon Grove's outstanding civic leaders. In addition to being active in chamber activities, he is second vice president of the Lemon Grove Lions Club.

The affair at Folda's new location was catered by the Aladdin Catering Service of Lemon Grove.

In the front row, left, is Larry Binder with his original decorated sock, "Moonlight and Roses," and next to him is Lew Obertreis, with his ox, "Donald Duck." In the back row, from left, are Mrs. Christine Weaver, pre-teen chairman, holding the sock of Jerry Shackelford, who was absent. Jerry's theme was "Ben Hur." ## Government Spending Puts Business in Jeopardy Hegland Tells Chamber

California's business firms are caught in a tax squeeze that spells disaster unless the government spending trend is reversed. Hon. Sheridan Hegland told members of the Lemon Grove chamber of commerce Saturday night. He was principal speaker at the chamber's annual installation dinner dance at the Lemon Grove Bowlero. More than 75 members and guests attended.

Hegland said the state's population had increased 82 per cent since 1945 but tax collections had increased 433 per cent. He said the federal government expenditure was nearly 20 per cent of the U. S. personal income. His call for support in getting government out of business drew a great round of applause.

In other parts of the ceremony, Larry Folda, retiring chamber president, was awarded a gold plaque by newly-installed president Charles Hesser. Hesser promised an active but solvent 1961-62 chamber year.

In the "junior achievement awards" section, Jim Spears made awards to Mervin Blum, Jesse Lee, Doc Vogt, Larry Freeman, Ed LaSalle, Sam Pernicano and David Bird, the latter in absentia. The awards were made, gridiron style, with a goodly helping of old fashioned needling for those who claimed the "awards."

A Dutch Auction for chamber funds brought \$64 for two bottles of spirits. This, too, was conducted by Spears, with Pernicano and Hank Templeton assisting as collectors. Frank Thomas took the prize with his bid of \$64.

Because of a dance scheduled for the evening, speeches were held to a minimum. This arrangement found popular appeal with the guests.

Installed as 1961-62 board members were the following:

Forrest Baxter, Skip Degenhart, Charles Hesser, Irving Marder, Frank Thomas, Robert Wilson, Hank Templeton, Wm. Barrett, Milt Austin, Jesse Lee, John Durhama, Bob Howell, Larry Folda, Sam Pernicano, George Scott, Ed LaSalle, Jim Spears and Bob Vaughn.

Officers for the coming year are: Hesser, president; H. Templeton, secretary; M. Austin, vice president, and S. Pernicano, treasurer.

## PTA SPONSORING ESSAY CONTEST AT CASA DE ORO

The Casa de Oro PTA sponsoring an essay contest for the students in preparation for the flag ceremony which will be presented by a Color Guard of the U. S. Marine Corps on May 26. At that time the Casa de Oro School will be presented with a new 50-star flag, as will each student.

The contest was broken up according to grade level: the 4th, 5th and 6th graders wrote on the subject, "Why I Am Glad To Be An American," with a limit of 100 words; Grades 1, 2 and 3 wrote on "Our American Flag," with a limit of 50 words; and the youngsters in kindergarten drew pictures of the flag.

The rules of the contest were that all drawings and essays were to be original and must have been the work of the student submitting them. All entries were to include the student's name and grade, and the entries were to be turned in by Wednesday of this week. Judging is to be done by the La Mesa-Spring Valley board of education.

The essays and drawings are to be on display in the school cafeteria on May 18 and the winners will be announced that night at the PTA meeting.

Sometime during the past three weeks, according to Linton John Parker, 7587 Roosevelt, Lemon Grove, unknown persons have removed the plastic trim from the tail lights of his '57 Ford and also the radio activities will be shown.

New officers for the year 1961-1962 will be installed, and Mrs. Fred Ward, historian, will present the historian's report. Colored slides of Golden Avenue school children and their activities will be shown.

## Newest High School Ahead of Schedule

**AHEAD OF SCHEDULE**—Monte Vista high school on Sweetwater Spring blvd. near Casa de Oro is nearing completion "two to three months ahead of schedule" according to Grossmont high school district officials. The school population will total 1813 when the school enrollment reaches its maximum. Monte Vista, set on a terrace with a background of mountains is the last school designed by Herluf Brydegaard before his death. Like other schools designed by him, Monte Vista features economical design and construction. Robert Ferris, of the Brydegaard firm, is supervising the

construction of the \$2,000,000 facility. Ferris, following the extra-effort policy laid down by Brydegaard, has offered to furnish the landscape planing plan to the school without charge. Monte Vista will open in September as scheduled according to Lewis Smith, Grossmont high school district superintendent, but her points out that construction is so far ahead of schedule that some elements of the plant could be put into operation right now. Oral Carpenter, a Lemon Grove general contractor, is the builder.

## Brother of Former Owner To Reopen Michael's Cafe

Michael's, a Lemon Grove eating place that attracted nationwide attention for its meals several years ago, will be reopened.

It has been closed for more than two months after being certified to the SD Wholesale Credit Men's Association under an obligation estimated at about \$100,000.

The new owner is Bill Goldy, brother of Henry Goldy, who originated the cafe ten years ago. The 600 capacity restaurant, located at 7828 Broadway, Lemon Grove, is scheduled to reopen about July 1, a spokesman for the new owner said.

Bill Goldy, a successful county business figure is the former operator of a wholesale meat firm; the third largest wholesale grocery firm in SD county; the Gold-E Distributing Co., a wholesale distributor of Admiral, Olympic and Capehart appliances, and is now the owner of Motor Parts West and distributor of Chrysler Products. He also operated hotels along the coast from Oregon to California from 1940 to 1948.

He said he has purchased the entire restaurant for cash and had negotiated new leases with three separate property owners

involved in the building. Contracts are being negotiated for the complete renovation and remodeling of the interior of the building.

He said that Henry Goldy, his brother, had signed a contract to manage the restaurant for him, and that he had purchased Henry Goldy's Alladin Catering Company which has been operated from El Morocco in Lemon Grove at Broadway and Kempf streets.

Meanwhile, Henry Goldy said he would dispose of his interest in El Morocco when he leaves. Jack Cruse, the chef who has been associated with Henry Goldy for eight years, indicated he would join him at Michael's.

Bill Goldy said the restaurant, when it reopens, will follow the early-days format of good food and family-type atmosphere. He said the name would remain basically the same but yet to be decided is whether to call it "New" Michael's or "Old" Michael's.

Henry Goldy opened the restaurant in 1951 and sold it to Joe Papitto in 1958. Papitto suffered poor health and poor business and closed it about ten weeks ago.

## JEALOUS WOMAN SUSPECTED OF CALLING FALSE FIRE ALARM

Capt. Richard Sass of the Spring Valley Fire Department has reported to the sheriff's department a false alarm fire at the residence of Mr. and Mrs. Joseph Varela, 611 Parkbrook St., Spring Valley, at 12:14 a.m. May 3. He said the suspect reported a couch was on fire.

The occupants of the house, when aroused, said there was no fire and they had not called. Mr. Varela did volunteer the information that he and Mrs. Varela had separated several months before, but had settled their differences and were living together again.

## Burglars Take Camera, Binoculars Here

This burglar evidently knew where to look, according to Frank Richard Harris, 1435 Madera, Lemon Grove. Harris, the owner of the Hideaway Bar told Sheriff's Deputy R. F. Kraft that three pairs of binoculars and a polaroid camera were taken from a closet in the hall of his home recently. He said that the front door would not lock, and the suspect evidently knew it, because entry was gained that way. He also said the suspect probably knew where the stolen articles were kept, as nothing else had been disturbed.

## \$4 1/2 Millions Gas Tax Slated for S.D. County

SACRAMENTO—Almost four and a half millions of dollars will be apportioned to San Diego County from the Highway Users Tax Fund in the 1961-62 fiscal year, the state controller announced this week.

The total fund will be the greatest in California history. Principal source of the Highway Users Tax Fund is the gasoline tax of six cents a gallon. Of that tax, four cents goes to the State Highway Fund, 1 1/2 cents to counties, and the remaining 1/2 cent to the cities. The money is distributed in monthly apportionments and the law requires that it be spent on highways, streets and roads. Precise amount for San Diego is \$4,458,300.

## Misused Toolbox Taken from Wheel

Frank Neil Lovenay, 2830 Central Ave., Spring Valley, has learned that a stone is better for a wheel block than a tool box is. Lovenay's tool box, used as a lock at the rear wheel to hold up his Nash coupe in the Lemon Grove Bowlero parking area, proved a lure and a temptation to roving eyes.

When Lovenay came out of the Bowlero at 11:45 p.m. May 1, the tool box was gone and with it miscellaneous tools, a tie rod, a timing light and a set of half-inch tools. Total value \$48.

## Hub Cap Nappers Busy

Three hub caps were taken recently from the car of Thomas Hughes, 1250 Presioca, Spring Valley, while his car was parked in the driveway of his brother's house at 1212 Presioca, he reported to the sheriff's department. Hughes said that a month ago three hub caps also were taken and so he had stencilled his initial "TH" on the new ones. He thinks the culprit lives in the neighborhood.

Also from 1223 Presioca, Claude Lee Holiday reports that all four hubcaps were taken from his Chevrolet car parked in front of the residence. Value \$16.

The bicycle belonged to Dennis Martin Ford, 2666 Buena Vista, Lemon Grove. The juvenile had dismantled the bicycle and disposed of it. His parents have reimbursed Ford's parents for the loss and they will not prosecute.
